Curious about the history of the cosmos, Earth, life, and humanity?

Big History offers a big picture of events from the Big Bang to the formation of the Earth and from the evolution of life to human history.

Join chemistry professor John Hostettler for eight free presentations using DVDs from the Teaching Company course taught by world historian David Christian, McQuarry University, Sydney, Australia.

*Seating is limited. To register, please phone the  
Library's Information Desk at 650 903 6337.*
